

# Katrina Kids Crusade

*Comforting Katrina's smallest survivors with teddy bears and toys and a touch of home.*

We have all seen the photos, read the articles and watched countless broadcasts from the Gulf region where Hurricane Katrina and her aftermath roared through the cities of New Orleans and Biloxi and small town communities along the coast. We know of the devastation and desperation and the thousands of lives lost to our nation's greatest natural disaster.

While evacuations continue still, and the desperate and homeless families wait in refuge and in prayer as death and disease linger around them, they continue to survive, all along knowing they have lost everything.

*We ask for your help*

in comforting the helpless, the smallest survivors of this tragedy...  
infants born into this desolation and children struggling through every moment.

*Credit unions across our nation and around the world celebrate and share in the philosophy "People Helping People" though we've taken that one step further by saying "Neighbors Helping Neighbors".*

*We are reaching out to our community, our neighbors, asking our family and friends, to join us in this effort.*

*We ask you to do the same. Spread the word. Open your heart.*

*Share in the spirit of credit unions and help us to help our neighbors.*

## Hamilton Horizons Federal Credit Union

*will be collecting the following NEW items to aid in the effort for  
Hurricane Katrina Disaster Relief*
